RE: EPA I.D. No. CTD 001164599
Part 'B' Call

Dear Ms. Gillis:

State and Federal Hazardous Waste Management Regulations adopted pursuant to the Resource, Conservation and Recovery Act (RCRA), 42 U.S.C. Section 6901 et. seq. require each person owning or operating a hazardous waste treatment, storage, or disposal facility to have a permit (RCRA Section 3005; 42 U.S.C. Section 6925). Since November 19, 1980, your facility has been operating under interim status pending final administrative disposition of your permit application.

On November 8, 1984, RCRA was amended by the Hazardous and Solid Waste Amendments of 1984 (HSWA). Under HSWA interim status terminates for a treatment or storage facility on November 8, 1992, unless a part 'B' permit application is submitted on or before November 8, 1988 (RCRA Section 3005(c)(2)(C); 42 U.S.C. Section 6925(c)(2)(C)). In addition, HSWA requires the State or federal government to make a final decision to issue or deny all RCRA permits by November 8, 1992.

In order to complete consideration of your hazardous waste permit, the Connecticut Department of Environmental Protection (DEP) and the U.S. Environmental Protection Agency (EPA) are hereby requesting the submission of a part 'B' permit application pursuant to Section 22a-449(c)-16 of the Regulations of Connecticut State Agencies and Title 40 Section 270.10 of the Code of Federal Regulations. You are required to submit a complete part 'B' permit application within six (6) months of the date of receipt of this letter. A complete part 'B' permit application should be sent to both the Connecticut DEP and the U.S. EPA at the addresses below:

Department of Environmental Protection
Hazardous Waste Management Section
165 Capitol Avenue
Hartford, Connecticut 06106
Attention: Permits Group

U.S. Environmental Protection Agency
Region I
Waste Management Division
John F. Kennedy Federal Building
Boston, Massachusetts 02203
Attention: CT Waste Permits Section
(HER-CAN 6)

Phone:

165 Capitol Avenue • Hartford, Connecticut 06106

Attn: Ms. Gillis, MacDermid, Inc.

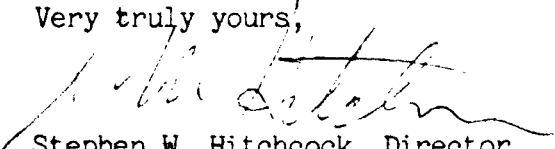

Failure to submit a complete 'B' permit application within the time period specified above is grounds for enforcement action, including the assessment of penalties, and/or terminating your interim status. If your interim status facility is closing, and will not accept any hazardous waste after November 8, 1992, you may submit a complete closure plan that complies with Section 22a-449(c)-29 of the Regulations of Connecticut State Agencies and 40 CFR Part 265 Subpart G in lieu of the requested part 'B' permit application.

The information required to be included in the part 'B' is set forth in 40 CFR Part 270, Subpart B. To aid you in developing a permit application, the U.S. EPA has developed several guidance manuals. A list of the available manuals and information on how to obtain them is included in Attachment I.

If you wish to submit any of the required information under a claim of confidentiality, please refer to Section 1-19(b) of the Connecticut General Statutes and 40 CFR Section 270.12.

Should you have any questions concerning this request, please contact either the Hazardous Waste Permits Group of the Connecticut Department of Environmental Protection or Connecticut Waste Permits Section of the U.S. Environmental Protection Agency.

Very truly yours,

Stephen W. Hitchcock, Director
Hazardous Materials Management Unit
Department of Environmental Protection

Merrill S. Hohman, Director
Waste Management Division
US Environmental Protection Agency
